1. Navigate to your dashboard
2. Select the 'Add a Fanfiction' icon on the 'Fanfictions Read' widget.
3. Enter the URL of the desired Fanfiction into the URL field
 1. We currently support links of any point in the Fanfiction however we are unable to support 'Series' entries at this time.
4. Select the Status and Date that will be applied to all Fanfictions entered.
5. Select 'Add it!' to add the Fanfiction to your Readables list.

Alternatively, if you wish to add several Fanfictions at once, select the 'Bulk Mode' icon in the top right.

1. In the bulk mode, enter the URLs of the Fanfictions you wish to add on separate lines of the text field.
2. Select the Status and Date that will be applied to all Fanfictions entered.
3. Select 'Add them!' to add them to your Readables list.

Once the Fanfictions have been added to our system, they will appear in your Readables list! Occasionally, some Fanfictions may take longer to appear in your Readables list.
